INCLEMENT WEATHER & LIGHTNING POLICY

Go to www.vgpool.com for more on pool policies.

* **The pool will close when the outside temperature is below 65 degrees** . It will reopen when the temperature exceeds 65 degrees. A sign will be posted to inform members of any closure.

*The lifeguards will adhere to the National Lightning Safety Institute policy. **In the event of a thunder and lightning storm all swimmers are required to exit the water, vacate the pool deck, and remain out of the water for 30 minutes after the last sound of thunder.** Each episode of lightning and thunder will require swimmers to remain out of the water for 30 minutes. If the storm is extensive enough to hinder swimming for 60 minutes, the pool will close until the storm has subsided. For the safety of pool members and their guests, the staff has the authority to clear the pool grounds and close the facility in the event of any thunder or lightning storm.

* Members may swim during a rainstorm as long as the bottom of the pool is clearly visible and there is no thunder or lightning in the area.
